

A big boost to cricketing in Tottenham for Delhi Blues Cricket Club.

We are very pleased to welcome the Delhi Blues Cricket Club to Selby's Summer Cricketing Festival to play cricket in Haringey, in association with The Selby Trust and partners.

The Selby Trust manages the Selby Centre, a multi-purpose community centre that has over 65 diverse community organisations using it regularly. The Centre attracts over 1500 people daily, many of whom use our sporting-facilities.

We welcome the opportunity to develop links between children in Haringey coached by local community organisations and the national cricketing talent from Delhi in India. If you are interested in becoming involved, please contact Michael Mullings on 0208 885 5499 or email us on selbytrust@aol.com

Helping to create a better environment for Haringey's residents to enjoy sport!

A global education project organised in partnership with:
